Send this to the Dewan for orders

We have already advanced Rs 10000 to the Municipality to be repaid in 3 years, & also made over to the Municipality the Govt moiety of Motorthas ~~for 3 years~~ - amounting to Rs 1333 a year, for 3 years - The Municipality wants now the ~~permanent~~ alienation of the Govt Motorthas for another 8 ~~to~~ years, & a further loan of Rs 10000 to be repaid by Rs 1333 after the present loan is liquidated. -

I think the prayer may be granted - Gradually we must make over the entire Motorthas to the Municipalities.

If the Dewan approves of the proposal, proper estimates may be called for.

From

To

The Chief Secretary to the
Government of Mysore

Sir,

With reference to your circular No 5764 dated 18th October last, regarding the sanitary improvement in the Town of Closepet, to prevent the frequent outbreaks of cholera, I have the honour to state that the Sanitary Engineer inspected the place and his report on the sanitary requirements together with proceedings of the Town Municipal Board are hereunto submitted for reference and return

2 The principal works required to be

done are given in the margin. All of them appear to be necessary and the Sanitary Engineer urges their immediate execution. He estimates the cost at Rs 10,000 which he says is less than Rs 2/- per head of the population. But the exact sum required is not ascertainable unless regular estimates are framed. Even after the exact sum required is known, the Municipality will not be able to defray the cost or any portion of it. Therefore, I would suggest that the outlay may be met by a loan to be granted and adjusted, year by year, by prepayment of Government share of the Mohatmfa of the Town, as sanctioned in Proceedings No. 7905-6/380 dated 18th January/90 for certain works. On communication of sanction to this proposal, estimates

1. for pure drinking water supply from Kottapura Tank instead of from Attanaki.
2. construction of a slaughter house at a good distance from the Town and for the purchase of burial and cremation grounds.
3. for construction of buildings for reeling silk in 4 suitable places.
4. for the construction of cholera shed and for the division of the town into 3 or 4 detached blocks &c.

(estimates will be submitted)

I have the honor to be
